SUMMARY

UX/UI designer with 2+ years of agency experience across enterprise, consumer, and accessibility-focused products. I design and build in Figma and HTML/CSS, and work closely with developers and clients to ensure the details make it through the build.

TECHNICAL SKILLS

Figma, Design Systems | AI-Assisted Prototyping, HTML, CSS, JavaScript | WCAG, Accessibility Testing

EXPERIENCE

COUNTERPART, Fishers, IN

UX/UI Designer, Jun 2024-Present

- Designed with implementation in mind, building interactive front-end prototypes in HTML, CSS, and JavaScript that developers could adapt directly.
- Untangled complex, interconnected systems by working with developers and clients to understand legacy decisions before redesigning.
- Built and documented design systems for 3 client products, with reusable components that keep patterns consistent as each product grows.
- Used AI to speed up production and verification, freeing time to go deeper on edge cases, error states, and non-happy paths for more robust features.

WEST MONROE, Chicago, IL

UX Design Intern, Jun-Aug 2022

- Designed 3 of the team's 9 concepts to cut clinicians' administrative time, combining patient info, medical records, and insurance data into one tool.
- Took all 3 from wireframes to high-fidelity prototypes and storyboards in 3 weeks, co-designing with clinicians and a Chief Medical Officer.

STATE FARM, Bloomington, IL

UX Design Intern, May-Jul 2021

- Overhauled the Salesforce CRM dashboard, reducing support calls.
- Interviewed insurance agents to find where the dashboard slowed them down, then redesigned around those findings.

VOLUNTEER EXPERIENCE

INDY DESIGN WEEK, Indianapolis, IN

Director of Tech, 2025-2026

- Partnered with the event director to ship the schedule, FAQ, and speaker spotlights each season.
- Created website update procedures so board members could keep content current on their own.

Design Chair, 2024-2025

- Led the organization's website redesign, refreshing its brand to reflect where it's headed next.
- Built each year's themed event website, taking another designer's brand from mockups to launch.

EDUCATION

B.S., UX Design | PURDUE UNIVERSITY, West Lafayette, IN
